Our Values

Riverwood Public School has a positive school culture underpinned by four shared values:

- Trusting Relationships**
Building and maintaining positive relationships between students, staff and the community, is the key to a successful learning and working environment at Riverwood Public School.
- High Expectations**
High expectations are held for everyone to experience success.
- Student Focussed**
Students are at the centre of all decision making across the school.
- Growth**
All members of the school community can grow and continuously improve.
